

Why is Navitas English the best option for your student's future?

Navitas English, who are they?

We are a leading Australian English language school with 40 years of experience in teaching 1000s of students globally. Our **history** and **pedigree** mean we are a **reliable** and **trusted** educational provider with 70+ pathway partners.

Are Navitas English teachers special?

Yes, we think so. Our teachers are **passionate** about education and take great pride in their students' success. Their extensive knowledge, experience and qualifications make them amongst the very best teachers you will find.

How long have teachers been working with Navitas English?

10 year plus*** and to support them being the best, we provide monthly professional development ensuring they are leaders in education.

Does having quality/experienced teachers really matter?

Yes, it does. Each teacher uses their experience to ensure each student's educational journey is based on **progression** that is **quick** and **effective**. After all, you deserve the best professionals to help you at each stage of your journey.

What are the benefits of having an experienced teacher?

An experienced teacher can **interpret** and **relate** course material in a more profound and relevant way encouraging **confidence**, **support** and **growth**.

Do you have the same quality teaching across all campus locations?

Yes, consistency ensures we have the same standard of teaching both face-to-face.

Is Navitas English competitive?

Yes, we think so. We know that education is expensive and takes time. That is why our study plans are based only on a student's true English language ability and we don't add weeks to extend their study duration resulting in additional time and cost for them.

Why is the tuition charged by Navitas English higher compared to other ELICOS providers?

Experience, **quality** and educational **values** are front and centre of what we do. We provide **excellent** education with teachers we believe are the **best** in the **industry**. **Every hour** with us will focus on students' educational and career outcomes. Quality is key.

How and when does Navitas English support students?

Each student is assessed and takes part in a one-to-one **diagnostic interview** before they start studying meaning we get to know the student from day 1.

Weekly one-to-one **private consultations** are booked by the student to discuss issues with the teacher.

In class **engagement** and **guidance** ensures students know how they are progressing.

The use of the self-study hour and guidance from teaching staff **reinforces** areas needing development.

24/7 emergency support is available as part of the service we offer.

What's so special about our Academic English course?

This program has been created and developed by Navitas English using our educational expertise in the ELICOS sector and targets two core areas to optimise learning.

It is certified to meet 70+ pathway partners' entry requirements and on successful completion the student can start at university, college or TAFE studies without needing to take an English language test such as IELTS or PTE-Academic.

In the first year at university, college or TAFE we know students struggle which could lead to them dropping out. Our course has been designed to prevent this, ensuring any investment in fees and time is not wasted.

Students will develop knowledge of how to research effectively, becoming an expert in time management expanding critical thinking. They will use the same learning management and referencing systems used across most universities and colleges in Australia. This means they have a head start from day one.

This course is continually developed and is never outdated and is always relevant to students' study and career needs.

When they complete their studies with us and need English language support we are just a phone call away.

These 15 minutes free sessions can help the student when they are at university, college or TAFE and encounter an English language related problem.
